

RUSK COUNTY  
*Memorial Hospital*  
& Nursing Home

**A Simple Test Could  
Identify if You, or a  
Loved One, is at Risk  
for Heart Attack or  
Stroke.**

This year, ten million  
Americans will suffer from  
a disease they could have  
prevented.

**Preventive Medicine  
is  
Worth Your Time.**

**Rusk County  
Memorial Hospital**

900 West College Ave  
Ladysmith, WI 54848  
715-532-5561 ext 244

**Heart Attack and  
Stroke Prevention  
Screening**

**April 16 - 27, 2012**

**Evaluate Your  
Risk Today**

**1-715-532-5561 Ext. 244**

## Evaluate Your Risk Today...

- Do you, or a family member, have a history of high blood pressure, high cholesterol, heart attack, or stroke?
- Do you have diabetes?
- Are you over age 40?
- Do you smoke?

**If you answered “Yes” to any of these questions, you may want to participate in our vascular health screening.**

## Heart Attack and Stroke Risk Assessment

Rusk County Memorial Hospital is offering these non-invasive screening tools for a minimal cost:

- **Carotid Screening-**  
Ultrasound used to detect stroke-causing plaque
- **Ankle-Brachial Index -**  
Ultrasound used to detect Peripheral Vascular Disease in the pelvis or legs
- **Cardiac Scoring -**  
CT scan used for non-invasive evaluation of heart vessels (minimal radiation exposure involved)
- **Abdominal Aorta Screening -**  
Ultrasound used to detect an Abdominal Aorta Aneurysm

## COST per Test

**Carotid Ultrasound: \$20.00**

**Ankle Brachial Index: \$20.00**

**Cardiac Scoring: \$50.00**

**Abdominal Aorta: \$20.00**

Cost includes screening test and result interpretation by a radiologist. Participants will receive a letter regarding results of the screening within 5-7 business days.
